### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Regarding claims 21 and 77: The prior art of record fails to teach or fairly suggest a fastener system as claimed, including a ram for pushing against the head of the mandrel for advancing the fastener.

Regarding claims 22 and 78: The prior art of record fails to teach or fairly suggest a fastener system as claimed, including a ram and holding tool/holder that are movable relative to the die independently of each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **CLARIFICATION ON STATUS OF CLAIMS**

In the amendment filed October 12, 2005, applicant has listed the following in the listing of claims section:

7-20. (Cancelled)

However, this is understood to be a typo, and should actually read as follows:

17-20. (Cancelled)

As such, claims 7 and 9-16 have been retained in the case, and have been allowed along with the remaining claims of record.
